

**CANDIDATE FOR GOVERNING BOARD MEMBER
APPLE VALLEY UNIFIED SCHOOL DISTRICT**

NAME: REGINA BELL

OCCUPATION: Marketing Consultant

The current governing School Board making critical policy decisions concerning our children's education does not include one parent with a child actively enrolled in Apple Valley schools. With a \$104 Million dollar budget, fiscally conservative taxpaying parents and citizens should have a voice in the management of budget and policy to better serve children. Public School today is very different. Our children and parents face tremendous challenges in understanding the school system. The only special interest group that I'm committed to is the children.

I've volunteered in the classroom since day one of my child's education. I know the value of the student, parent, and teacher partnership. I've served 8 years as a volunteer in the Apple Valley Unified School District through PTO, School Site Council, Parent Advisory Team, Student Attendance Report Board (SARB), The Citizens Oversight Committee (overseeing the Measure S bond ensuring funds are spent as designated) and the Diversity Leadership Team.

I firmly believe every child has a right to a quality education helping them develop into upstanding citizens and leaders contributing to building strong, healthy communities. I will be that parent advocate voice and vote for our children on the Apple Valley Unified School Board.
